Alexandria PTAC Summer Camp Directory 2022

The Alexandria PTA Council (PTAC) normally conducts an annual, in-person Summer Camp Fair as a service to the community and as a fundraiser (camps pay a fee to participate). Due to COVID restrictions, we have decided to continue our tradition of publishing a Camp Directory, but make everything else virtual. YouTube video links and advertisements are provided where possible so that families can get a better sense of all the participating camps have to offer. Contact information and websites are listed so that families can reach out to individual camps for more information. Since many camps are still uncertain as to what programs they will be able to run this summer, we will update the document throughout the spring as registrations come in. While we currently have no plans to hold an in-person event, we hope to revisit that option in the Spring with an outdoor showcase of camps if enough camps are interested in participating and if COVID rules allow. PTAC does not endorse any particular camp.

We are always looking for ways to improve our process, so please send suggestions to CampFair@alexvaptac.org.

Choosing a Camp

As you consider which camps are the best fit for your child, keep in mind that camps accredited by the American Camp Association (ACA) comply with nationally recognized health, safety, and program quality standards, including these requirements: emergency transportation; first aid facilities and training; aquatic programs supervised by staff who are certified lifeguards; health histories, including immunizations, for all campers and staff; emergency exits from second-floor sleeping quarters.

Other questions to consider include:

- What type of camp are you looking for? Same-sex or coed? Overnight or day camp?
- Should you consider a specialty camp that offers a focused curriculum, such as basketball, or a special-needs camp designed for specific physical or medical disability?
- How long is each session? Would your child prefer attending camp for a week or two – or for an entire summer?
- Is the staff trained in safety, supervision, counseling, problem solving, and other issues important to working with young children?
- Is the price all-inclusive or do extra charges apply for transportation, food service, group pictures, t-shirts, special skills instruction such as horseback riding, and other items?
- Are discounts or scholarships available?
- For day camps, if before and after care is offered to accommodate working parents, who will be supervising children and what activities take place during that time?
- Is lunch and/or a snack served, or do campers bring their own? Will special dietary needs be accommodated?
- If swimming is offered, are lessons included, or is swimming only recreational?

- Does one counselor stay with a group all day? Or are campers free to roam from one activity to another? How is adequate supervision assured?
- Are parents allowed to drop by for visits at any time?

Resources

The Alexandria PTAC Summer Camp Fair Directory includes camps from all over Virginia and the Washington Metropolitan area. We took personal recommendations from Alexandria parents and used the following resources to help us extend over 200 invitations to area camps specializing in art, adventure, dance, drama, music, science and sports.

- **American Camp Association** - The American Camp Association is a not-for-profit educational body that accredits all types of camps throughout the United States. (www.acacamps.org)
- **Camp Page Guide to Summer Camps** - This website is a national resource guide for traditional summer camps in the United States and Canada with comprehensive camp lists and descriptions of camps by state. (www.camppage.com)
- **Frost's Summer Camp Guide** - This website has articles for kids and parents and also has a discount summer camp page. Visitors can customize searches by region or camp specialty. It publishes an annual magazine listing summer camps. (www.gocamps.com)
- **Very Special Camps** – This website is dedicated exclusively to camps that serve individuals with one or more of a wide range of special needs. (<https://www.veryspecialcamps.com>)
- **Washington Family Magazine** - Washington Family Magazine is a regional parenting publication distributed throughout the Washington, DC area, including Maryland and Northern Virginia. (www.washingtonfamily.com)
- **Washington Parent Magazine** - Washington Parent Magazine has been serving parents in the Washington Metropolitan Area since 1983, providing family enrichment through education. It publishes annual guides on overnight and day camps. (<https://washingtonparent.com>)

<p>Arcadia Farm Camp</p> <p>farmcamp@arcadiafood.org</p> <p>207-852-4549</p> <p>Meredith Prescott - Farm Education Manager</p>	<p>9000 Richmond Highway</p> <p>Alexandria, VA 22309</p>	<p>Arcadia Farm Camp is all about farming, food, and fun. At Arcadia Farm Camp, campers joyfully discover where their food comes from through hands-on farming, cooking, and eating experiences.</p>	<p>Ages 6-11</p>	<p>Eco Explorers: July 11-15</p> <p>Creative Sprouts: July 18-22</p> <p>Farm Foodies 1: July 25-29</p> <p>Farm Foodies 2: August 1-5</p> <p>Young Farmers: August 8-12</p>	<p>\$350</p>	<p>Arcadia Farm is a place of wonder and discovery for people of all ages. Campers are surrounded by a bounty of vegetables and beautiful spaces. The Groundhog Garden, Arcadia's educational youth space, is a plot in the middle of the four-acre Arcadia Farm. It is designed specifically to engage the elementary-aged audience-- to inspire them, to excite them, and to invoke questions and discoveries!</p> <p>Our approach to engaging kids on the farm sets us apart. Our techniques are guided by the principles of Farm Based Education. Each aspect of Arcadia Farm Camp is hands-on so that campers come away with a deep appreciation for the process of cultivating food in harmony with nature, and eating healthy. Each day, we prepare snacks and taste the fruits of our harvest, including a salad bar for students to experience once they've washed and prepared produce from the farm.</p>

Camp Name & Contact Info	Location	Type/ Theme	Gender & Ages/ Grade	Sessions	Cost/ Session	Description
<p>Arcadia Farm Camp</p> <p>farmcamp@arcadiafood.org</p> <p>207-852-4549</p> <p>Meredith Prescott - Farm Education Manager</p> <p style="color: red; text-align: center;">(CONTINUED)</p>	<p>9000 Richmond Highway</p> <p>Alexandria, VA 22309</p>	<p>Arcadia Farm Camp is all about farming, food, and fun. At Arcadia Farm Camp, campers joyfully discover where their food comes from through hands-on farming, cooking, and eating experiences.</p>	<p>Ages 6-11</p>	<p>Eco Explorers: July 11-15</p> <p>Creative Sprouts: July 18-22</p> <p>Farm Foodies 1: July 25-29</p> <p>Farm Foodies 2: August 1-5</p> <p>Young Farmers: August 8-12</p>	<p>\$350</p>	<p>Along with the themes, all sessions include farming, food, and fun. All Farm Campers, no matter the week, learn to tend to the vegetables, care for the chickens (and collect their eggs!), harvest produce right from the farm for making snacks, and enjoy independent play time guided by their interests.</p> <p>Each week-long session has its own focused theme. The theme guides our educational activities and allows campers to explore these farm and food topics more in depth. Our themed activities will differ from previous years save the ones Farm Campers raved about. We keep it fresh, like our veggies!</p> <ul style="list-style-type: none"> ● Eco Explorers: July 11-15, 2022 – Your little animal lover or critter extraordinaire will want to join us during this week. Eco Explorers campers will learn about all of the fascinating creatures that play a role in our farm ecosystem: pests, pollinators, worms, chickens, fungi, birds, and more! ● Creative Sprouts: July 18-22, 2022 – When your campers aren't busy planting or tasting, they will be creating! Your little Sprouts will be inspired by nature and will create beautiful projects and unique recipes. Learning about gardening and food is so much more fun when you get to create with the ingredients! ● Farm Foodies: July 25-29, 2022 – Calling all foodies! Campers will spend the week harvesting, washing, grating, peeling, chopping, mixing and best of all – tasting! Your Farm Foodies will learn to become comfortable with following recipes and using kitchen utensils when they're not having fun on the farm! ● Farm Foodies Week 2: August 1-5, 2022 – This week is identical to the Farm Foodies Wk 1 listed above. It's simply another chance for many interested kids to explore cooking from the vantage point of a farm! If you are interested in the Farm Foodies themed week, we suggest that you choose just one because the activities will be almost identical from Farm Foodies Wk 1 to Farm Foodies Wk 2. ● Young Farmers: August 8-12, 2022 – Does your child enjoy getting their hands in the soil and growing something delicious? Do they have a love for the environment? Then send your budding farmer to Farm Camp during this week. We'll learn how to grow healthy food – from seed to harvest – and practice sustainable farming practices.

<p>Art of Problem Solving (AoPS) Academy Vienna</p> <p>https://vienna.aopsacademy.org</p> <p>vienna@aopsacademy.org</p> <p>(703) 592-8479</p>	<p>8381 Old Courthouse Road, Vienna, VA 22182</p>	<p>Educational</p>	<p>Rising 2nd to rising 10th graders.</p>	<p>3 sessions</p> <p>Session One 6/20-7/1 M-F morning or afternoon</p> <p>Session Two 7/11-8/5 M-F evening</p> <p>Session Three 7/18-7/29 M-F morning or afternoon.</p>	<p>\$760 per session</p>	<p>Math Beasts Camp 3 is designed for students entering a third grade math class in the fall. The course keeps students' math skills sharp over the summer while introducing new avenues of mathematical discovery, with a focus on honing students' spatial thinking abilities through explorations of symmetry, knots, and plane tilings.</p> <p>Math Beasts Camp 4 is designed for students entering a fourth grade math class in the fall. The course reviews key concepts from third grade and provides early practice with ideas students will master in the upcoming year. Students also gain the powerful insight of viewing problems through multiple lenses by exploring visual reconceptualizations of numbers.</p> <p>Math Beasts Camp 5 is designed for students entering a fifth grade math class in the fall. The course reviews key concepts from fourth grade, and provides some early practice with ideas they'll master in the upcoming year. Students also study strategic mathematical games to develop essential problem-solving skills such as pattern recognition, working backwards, and seeking invariance.</p> <p>Math Beasts Camp 6 is designed for students entering a sixth grade math class or Prealgebra class in the fall. The course reviews key concepts from fifth grade, provides some early practice with ideas they'll master in the upcoming year, and offers an early exploration of graph theory, a rich field of advanced math with many important real-world applications.</p> <p>Math Beasts Camp 7-8 is designed for students entering Algebra 1 or equivalent in the fall. The course reviews key Prealgebra concepts followed by a series of intriguing problems that push student understanding of the topics well beyond the standard classroom level.</p> <p>Math Beasts Camp 8-9 is designed for students entering Geometry or equivalent in the fall. The course reviews key algebra concepts followed by a series of intriguing problems that push student understanding of the topics well beyond the standard classroom level.</p> <p>Middle School Math Contests: Number Theory and Geometry - Students explore middle and early high school contests such as MATHCOUNTS and the American Mathematics Competitions 8 and 10 (AMC 8 and 10). Students are introduced to important topics in number theory and geometry, and work individually or collaboratively to solve challenging problems related to these topics. Students also participate in mock individual and team competitions during the camp.</p>

<p>Art of Problem Solving (AoPS) Academy Vienna</p> <p>https://vienna.aopsacademy.org</p> <p>vienna@aopsacademy.org</p> <p>(703) 592-8479</p> <p style="color: red; text-align: center;">(CONTINUED)</p>	<p>8381 Old Courthouse Road, Vienna, VA 22182</p>	<p>Educational</p>	<p>Rising 2nd to rising 10th graders.</p>	<p>3 sessions</p> <p>Session One 6/20-7/1 M-F morning or afternoon</p> <p>Session Two 7/11-8/5 M-F evening</p> <p>Session Three 7/18-7/29 M-F morning or afternoon.</p>	<p>\$760 per session</p>	<p>Middle School Math Contests: Algebra and Counting - Students explore middle and early high school contests such as MATHCOUNTS and the American Mathematics Competitions 8 and 10 (AMC 8 and 10). Students are introduced to important topics in algebra, counting, and probability, and work individually or collaboratively to solve challenging problems related to these topics. Students also participate in mock individual and team competitions during the camp.</p> <p>High School Math Contests - Students study strategies needed for success on the American Mathematics Competitions 10 and 12 (AMC 10/12) and other major high school contests. In addition to learning core concepts, students will participate in practice competitions during the camp, which provides the test-taking experience that will prepare them for key events in the upcoming school year.</p> <p>Creative Writing is designed for students entering 3rd or 4th grade in the fall. In this fun and energetic course, students build important reading and writing skills as they work to create their very own picture books!</p> <p>Readers Theater is designed for students entering 4th or 5th grade in the fall. This course helps students build skills for reading and interpretation as they work together to write and rehearse a show-stopping performance of their own!</p> <p>In the Language Arts Triathlon course for students entering 5th or 6th grade, students will build advanced grammar, vocabulary, and writing skills by solving puzzles and competing in daily language arts challenges with their classmates. The class culminates in a Language Arts Triathlon—a fun, collaborative competition where students put their skills to the test in a three-event battle of words!</p> <p>Poetry and Analysis is designed for students entering 6th or 7th grade in the fall. In this fun, expansive course, students read, discuss, and develop a new understanding of poetry in all of its forms.</p> <p>Mock Trial is designed for students entering 7th or 8th grade in the fall. In this challenging and fast-paced course, students build crucial reading, writing, and public speaking skills as they participate in a simulated court case based on this year's class novel.</p> <p>Academic Essay Writing is designed for students entering 8th, 9th, or 10th grade in the fall. Featuring the popular college writing textbook, <i>They Say / I Say: The Moves That Matter in Academic Writing</i>, this course teaches students how to plan, draft, and revise their own academic essays.</p>

Baroody Camps – Get Ready for Game Time Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	General: Get Ready for Game Time	Ages 5-11	6/13 – 6/17	\$400 per week	<u>General: Get Ready for Game Time</u> Strike! Bingo! Win! Get ready to have the time of your life with an array of games this week. Campers will partake in games ranging from single players to team groups. Be prepared to have your thinking caps charged and ready in this fun and active camp-week.
Baroody Camps - LEGO Robotics WeDO 2.0 Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	Specialty: LEGO Robotics WeDo 2.0	Ages 5-11	6/13 – 6/17	\$425 per week \$25 Add Full/Half SP	<u>LEGO Robotics WeDo 2.0</u> In Adventures with Max and Mia, we will be learning about today's technology such as (Bluetooth, Motherboards, satellites, moon rovers, block coding and More...) Children will be using polles, timing belts, gears, axles, laptop and a programmable hub to create & code a different robot every week. Join Max and Mia as they open up the world of science and help us explore new frontiers. With their expertise, we will gain hands-on experience building Milo the Robot and other spy robots with LEGO pieces. Using Milo the Robot, we will explore frequencies, motherboards, and the many different types of wireless signals and their uses. This program is intended to help develop critical skills such as confidence, creativity and collaboration. Above all, it will provide playful learning experiences that bring science to life in the classroom and make learning fun and impactful.

Baroody Camps – General: Fireworks & Fun Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	General: Fireworks & Fun	Ages 5-11	7/5 - 7/8 *No Monday	\$400 per week	<u>Fireworks & Fun</u> USA! USA! Campers spend this week celebrating all things American!! From Olympic games, crafts, songs, and urban legends, this week is sure to bring out the patriotic spirit in all!
Baroody Camps – STEM Adventures Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	STEM Adventures	Ages 5-11	7/5 - 7/8 *No Monday	\$340 Full day \$25 Add Full/Half SP	<u>STEM Adventures</u> Have you ever wondered what the STEM world has to offer? During our STEM Adventures camp, campers will be able to step into the world of science and dabble in the different avenues that this subject has to offer while ending each day with some hard earned swim time! We will build LEGO robots, venture into the Minecraft world, Scratch coding, and even game design with KODU. Campers will also participate in chemistry creating potions, experimenting with slime, and may even become a spy detective. There is so much to get wrapped up in that the possibilities are endless. We hope to see you in our future STEM Adventures camp with your thinking cap ready!
Baroody Camps – Star Wars: Rise of the Jedi Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	General: Star Wars: Rise of the Jedi	Ages 5-11	7/11 - 7/15	\$400 per week	<u>Star Wars: Rise of the Jedi</u> What kind of character are you in the vast world of Star Wars? Are you a droid? Human? Ewok? Gungan? Wookiee? All are called to our Jedi training camp to protect the galaxy! Spend this week immersed in Star War crafts, STEM, and trivia!

Camp Name & Contact Info	Location	Type/ Theme	Gender & Ages/ Grade	Sessions	Cost/ Session	Description
Baroody Camps – Cooking: Master Chefs Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	Cooking: Master Chefs	Ages 7-11	7/11 - 7/15	\$225 ½ day - AM \$25 Add Full/Half SP	<u>Cooking: Master Chefs</u> In this camp, we're taking our cooking skills up a notch! We'll spend the first two days refreshing our cutting, dicing, sauteing, and baking skills to recreate dishes. During the final 3 days, we will work in teams to see how creative we can be in making some fantastic dishes! We will find out who creates the most tasty and creative dishes, decided by a panel of judges, in a friendly and fun competition. Please note: if your child does not meet the age required for this camp, they can participate if they have joined at least two of our school year enrichment classes!
Baroody Camps – Chemistry Creations Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	Chemistry Creations	Ages 5-11	7/11 - 7/15	\$225 ½ day - AM \$25 Add Full/Half SP	<u>Chemistry Creations</u> Chemistry Creations will teach students that chemistry is more than just explosions but an investigation of substances. They will learn the ways substances interact, combine, and change and even learn how substances make new properties. Each class will include a “Word of the Day” that will reflect the activities throughout the lesson and encourage extended learning.
Baroody Camps – Jr. Scratch Coding Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	Jr. Scratch Coding	Ages 5-7	7/11 - 7/15	\$425 Full Day \$25 Add Full/Half SP	<u>Jr. Scratch Coding</u> In this course we are going to become programmers with the help of the well known and popular by demand interface, Scratch Jr. The goal is to learn the basics of visual programming language, design unique and interactive stories, while making it hands-on and fun! We will learn programming and sequencing through play while we learn to program multiple characters & interactions, record sound, create scenery and make a story come to life on a screen! This is a great introduction to coding, so come join the fun as we explore technology, solve problems, design projects and tap into our creativity together!

Camp Name & Contact Info	Location	Type/ Theme	Gender & Ages/ Grade	Sessions	Cost/ Session	Description
Baroody Camps – Acting: Fairytale Friends Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	Acting: Fairytale Friends	Ages 6-8	7/11 - 7/15	\$415 Full Day	<u>Acting: Fairytale Friends</u> This whimsical week of camp is perfect for children who love fairy tales and magical creatures. They'll explore the world of knights, princesses, fairies, and unicorns while helping to create a short skit that unites all of their favorite fantastical friends. Campers will also build a shoe box set and help paint the background scenery for the magical story that they'll share on stage.
Baroody Camps – General: Harry Potter: Dumbledore's Army Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	General: Harry Potter: Dumbledore's Army	Ages 5-11	7/18 - 7/22	\$400 Full Day	<u>Harry Potter: Dumbledore's Army</u> Now is your chance to join Dumbledore's Army! Campers will participate in classic activities such as the sorting ceremony and making Butterbeer. Campers will also learn about the Wizarding World and have the chance to make their own wands! Join us for a week of Harry Potter wonder to help stop the spread of the Dark Arts.
Baroody Camps – Minecraft Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	Minecraft	Ages 5-11	7/18 - 7/22	\$425 Full Day \$25 Add Full/Half SP	<u>Minecraft</u> In Minecraft 101, we will be using a creative environment to create and build simple and complex buildings in the Minecraft world. Each child will be guided to build a new project each week where we use different types of blocks, windows, doors, walls, floorings and more to build the project they were assigned. This program will help children to enhance their creativity, basic computer skills, civil engineering ideas while having so much fun within the Minecraft secured world. Children will have the option to save their world on a USB and bring it home at the end of the session. Experience level: For new players & beginners.

Baroody Camps – Clay Makers: Animals on Parade Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	Clay-makers: Animals on Parade	Ages 5-11	7/18 - 7/22	\$225 ½ day - AM \$25 Add Full/Half SP	<u>Clay Makers</u> Animals on Parade This course will include nothing but animals! We'll spend our time together making all kinds of animals. From farms to forests, Down under to under the sea, and uncaged animals out in the wild! We'll explore how to use air dry clay to make cute and cuddly animals that will be sure to start a great collection. Previous work with air dry clay is not required.
Baroody Camps – Theatre: Broadway Bound Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	Theatre: Broadway Bound	Ages 9-12	7/18 - 7/22	\$415 Full Day	<u>Theatre: Broadway Bound</u> Singing, dancing, acting, and more! In this fun-filled week, campers will learn beginning techniques for musical theatre performance. They will be introduced to concepts such as creating a character, acting a song, telling stories with movement, and basic dance steps. Campers will be using songs from popular musicals on Broadway. They'll finish camp on their way to becoming triple threats! No previous experience necessary for this camp.
Baroody Camps – General: Ocean Explorations Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	General: Ocean Explorations	Ages 5-11	7/25 - 7/29	\$400 Full Day	<u>Ocean Explorations</u> Dive into a fun-filled week of ocean adventures! Campers will be able to use their imaginations to experience their own under-water world through arts and crafts, STEM activities, and even sport games like Sharks and Minnows! We'll even get to learn why the marine ecosystem is so important to our home planet! We hope you can join us in our last week of Summer Camp!

Camp Name & Contact Info	Location	Type/ Theme	Gender & Ages/ Grade	Sessions	Cost/ Session	Description
Baroody Camps – Lego Spike Essential Robotics: Amusement Park Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	Lego Spike Essential Robotics: Amusement park	Ages 5-7	7/25 - 7/29	\$425 Full Day \$25 Add Full/Half SP	<u>Lego Spike Essential Robotics: Amusement Park</u> In this program, children will be introduced to engineering design skills. They'll learn about the steps that are involved in defining a problem, brainstorming solutions, and testing and refining prototypes to improve their ideas. They'll also learn observation skills by gathering information about a problem and modifying a solution to meet the needs of others. Your children will help a story character by recounting experiences using relevant facts and descriptive details, which will help to develop their collaborative conversation skills.
Baroody Camps - LEGO WeDO 2.0 Robotics: Mixed Builds Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	LEGO WeDo 2.0 Robotics: Mixed Builds	Ages 8-11	7/25 – 7/29	\$425 per week \$25 Add Full/Half SP	<u>LEGO WeDo 2.0 Robotics: Mixed Builds</u> In this robotics camp, campers will be utilizing the WeDo 2.0 app and instructional files to build and code robotics representing many different aspects of the world. Throughout this week-long camp, campers will find themselves participating in various themes each day. These themes include Aquabots, Flying Bots, Zooland Robotics, Everyday Robots, and Jurassic. With an overflowing portfolio of designs to work on, campers will get to dip their feet into a mix of different robotic builds and then bring their creations to life!
Baroody Camps – Acting: Under the Sea Beth@baroodycamps.com https://www.baroodycamps.com	Grace Episcopal	Acting: Under the Sea	Ages 6-8	7/25 – 7/29	\$415 Full Day	<u>Acting: Under the Sea</u> Travel under the sea in this imaginative, fun-filled week! Each day, campers will develop acting skills, play games, dance, and make crafts, all while improving their self confidence and creativity. The session will culminate in a performance of an under the sea scene and dance based on “The Rainbow Fish.” Bring your flippers and get ready for a week of aquatic fun!

<p>Boolean Girl STEM Camps</p> <p>See webpage for more detailed descriptions. booleangirl.org/camps/ info@booleangirl.org 202-996-8241</p>	<p>Marymount University, 1000 Glebe Rd, Arlington (Ballston)</p>	<p>STEM – Coding and electronics Educational</p>	<p>Ages: 8-13 Rising 3rd graders – 8th grade.</p>	<p>Weekly June 20 – Aug 19.</p>	<p>\$395</p>	<p>Animate My Story in Scratch - Have fun while learning to code! In this introductory course, we use creative play and games to teach the basics of coding. Girls will imagine a story, plan it out, and then use the Scratch programming language to transform their story into an animation that they can be proud of.</p> <p>Code Your Own Adventure in Scratch - In this class, your young developer will bring their coding to the next level by creating a “Code Your Own Adventure” program. They will design and develop an interactive adventure, using conditionals, variables, and user input, in which the user makes choices that impact the outcome of the story.</p> <p>Build Games in Scratch - Continue to build skills and confidence by creating a platform game of their own design. Based on classic platformers, like Super Mario and Donkey Kong, campers will design and build a unique video game. Campers learn advanced gaming techniques like scorekeeping, leveling up, and interacting with objects and other sprites.</p> <p>Getting Started In Python (Python 1) - In this course, students will learn coding and computational thinking using the Python programming language. Students will be introduced to important coding concepts like loops, variables, and lists while they use Python to build a drawing application that creates a work of art.</p> <p>Code Your Own Adventure in Python (Python 2) - If you’ve completed Python 1 with Boolean Girl, you are ready to learn new skills as you build a challenging text adventure game in Python. Part game, part story, students will use concepts like conditionals, functions, and user input to design and build their exciting user-driven adventure.</p>

<p>Boolean Girl STEM Camps</p> <p>See webpage for more detailed descriptions. booleangirl.org/camps/ info@booleangirl.org 202-996-8241</p> <p style="color: red; text-align: center;">(CONTINUED)</p>	<p>Marymount University, 1000 Glebe Rd, Arlington (Ballston)</p>	<p>STEM – Coding and electronics Educational</p>	<p>Ages: 8-13 Rising 3rd graders – 8th grade.</p>	<p>Weekly June 20 – Aug 19.</p>	<p>\$395</p>	<p>Invent Circuits in Scratch - If your programmer thinks coding is cool, they will love using code to control physical objects like lights, Lego® motors and motion sensors to create light shows, robots, music players and more. This is the intersection of technologies that drive smart cities, smart homes, and so much more.</p> <p>Explore Artificial Intelligence Using Scratch (AI 1) - Robots! Smartphones! Self-driving cars! What is artificial intelligence and how does it affect your everyday life? Coders will use Scratch to build a basic rule-based AI chatbot while learning what AI is, play with real AI tools, and identify the ways in which they are already interacting with AI.</p> <p>AI and Machine Learning Using Scratch (AI 2) - What makes a computer truly intelligent? How does a machine learn? Coders will follow up the first "Introduction to AI" class by diving more deeply into an important and influential subset of AI called machine learning. They will use natural language processing to build an advanced Scratch project.</p> <p>Crafty Circuits with Boolean Box Micro - Join Boolean Girl this summer for a camp program that incorporates programming, engineering, circuits, and art. We will combine programming and circuitry to create, build and power mini houses, create wearable circuits, and many more exciting projects that are sure to inspire your children to keep on creating at home!</p>

Students will learn the basics, science, and safety of MIG Welding (it's like a giant hot glue gun). After a day of basics, students have the opportunity to create a Build a Buddy and a pencil holder they can take home. By the end of the week, students will learn creative thinking, teamwork, and multi-step processes to create a self-propelled 3-wheeled cart.</p> <p>Grades 6-8 Basic Welding: Participants will make a Gravity Trike using bike steering! Students will learn basic MIG welding, design thinking, and use teamwork over the course of 5 days to create a gravity trike and race on Friday! Family and friends are invited to race day on Friday at 2:15pm! Cheer on your student as they show off their skills.</p> <p>Grades 9-12 Basic Welding: Participants will design and build a Gravity Kart! Students will learn basic MIG welding, design thinking, and use teamwork over the course of 5 days to create a gravity kart and race on Friday! Teams will be provided a steering kit and a set amount of materials to design and plan their entire project. Family and friends are invited to race day on Friday at 2:15pm! Cheer on your student as they show off their skills.</p> <p>Advanced Welding: What's the challenge for this advanced welding camp? Weld an outdoor stove! Teams will work together to create a functional outdoor stove. Campers will be challenged to be self-starters, use critical thinking, and work as a team using MIG and TIG welding for steel. This camp focuses on technique and leveling up the basic welder for more advanced projects.</p> <p>Fabrication: Introducing, Innovation Academy's newest camp: Fab Camp! Retro Boom Box Edition. Campers will learn electronics, soldering, woodshop, laser cutting, MIG welding, and more in a rapid-prototyping environment. Each day participants will learn a new fabrication technique to create their personal boom box with a working speaker system. Campers are encouraged to utilize the collaborative environment to talk through ideas with other students and brainstorm together.</p>

<p>Linder Summer Camp</p> <p>https://www.linderec.com/summer-camps</p> <p>Contact:</p> <p>Carly Robb</p> <p>carlyrobb@linderec.com</p>	<p>Linder Academy</p> <p>607 S. Washington Street</p> <p>Alexandria</p>	<p>Academic, general recreation</p>	<p>Rising Kindergarten - 6th grade students</p>	<p>Session #1: June 27 - July 8 Theme: Dinosaurs & Archeology</p> <p>Session #2: July 11 - 22: Theme: Space Exploration</p> <p>Session #3: July 25 - Aug 5 Theme: Marine Life & Oceanography</p> <p>Session #4: August 8 - 19 Theme: Mad Science</p>	<p>2 Week Morning Session: \$800</p> <p>2 Week Full Day Session: \$1300</p>	<p>Morning Academics: Orton-Gillingham reading instruction, STEM problem based learning. Afternoon recreation.</p> <p><u>Orton-Gillingham</u> Literacy is the backbone of education, and there has never been a time period where literacy progress was as compromised as during COVID. Each morning, our programs will begin with Orton-Gillingham multi-modal literacy and writing instruction. All teachers are trained in Orton-Gillingham, the current reading and writing curriculum with the best results in national studies. While some schools are working to have basic training in OG, our staff are put through the entire comprehensive OG training at the Institute for Multi-Sensory Education. This means that they teach with structured literacy and multi-modally - the most valid instructional method backed by science.</p> <p><u>Stem Problem Based Learning</u> Much like our school The Linder Academy, we love to excite kids about learning by presenting real world problems for them to solve. Each week, the group will be tasked with working on real world problems, such as designing a butterfly garden or considering the drainage issues in Ellicott City. They will work together to research, test, design, model, and present solutions to their problems. In their weekly problem solving, we will highlight key math and science concepts they should consider and help them master these concepts. Through their projects, they will also improve their research, writing, and presentation skills. Afternoons will include typical summer camp activities - games, crafts, team building, and FUN!</p>

Each summer, participants take part in an array of programs, ranging from Mercersburg Adventure Camp to various Enrichment, Arts, and Sports Camps. Safe, supportive environments focus on engaging participants at every level and challenge them to broaden their horizons, make new friends, and create unforgettable memories. Mercersburg Summer Programs are co-ed, with both day and overnight options for kids and teens ages 8-17. Our participants come from all over the country and all over the world to enjoy the dozens of programs that are offered every summer. More than 1,000 kids gather here between June and August to enjoy our programs. No matter what your interests are, there is a Mercersburg Summer Program for you.</p>

<p>Nova Fencing & Archery Camp</p> <p>https://www.novafencingclub.com/summer-camps.html</p> <p>Donna Felsenheld</p> <p>donna@novafencingclub.com</p> <p>(571) 239-7326</p>	<p>Nova Fencing & Archery Club, 3505 Carlin Springs Rd., Falls Church, VA 22041</p>	<p>Sports</p>	<p>Age 8-14</p>	<p>6/13/23-6/17/22</p> <p>6/21/22-6/24/22 (Juneteenth Holiday)</p> <p>7/11/22-7/15/22</p> <p>7/18/22-7/22/22</p> <p>7/25/22-7/29/22</p> <p>8/8/22-8/12/22</p> <p>8/15/22-8/19/22</p> <p>8/22/22-8/26/22</p>	<p>\$375</p>	<p>Spin a lightsaber, wield a sword, and shoot a bow and arrow at our amazing summer camps!</p> <p>We teach two great Olympic sports at one fun camp. Split your time between Archery, Fencing and traditional camp fun and games. Learn Archery from our great instructors using the USA Archery, Explore Archery program. Our experienced fencing coaches will teach core foundational skills like advance, retreat, thrust and lunge as you learn to fence. At the end of the week, we wrap up with a fencing and archery Robin Hood Team Tournament, using electric fencing equipment. The experience isn't complete until you learn to spin a lightsaber. No experience needed and all equipment is provided. Our 20,000 square foot fencing gym and indoor archery range is located in Falls Church near the border of Arlington and West Alexandria.</p>

<p>Nova Fencing Camp</p> <p>https://www.novafencingclub.com/summer-camps.html</p> <p>Donna Felsenheld</p> <p>donna@novafencingclub.com</p> <p>(571) 239-7326</p>	<p>Nova Fencing & Archery Club, 3505 Carlin Springs Rd., Falls Church, VA 22041</p>	<p>Sports</p>	<p>7-14</p>	<p>8/1/22-8/5/22</p>	<p>\$375</p>	<p>En Garde! Ready? Fence!</p> <p>Join us for our awesome camp experience. We teach fencing using fun games and drills. Our campers learn basic footwork and blade work skills from experienced coaches, who have developed both national and international competitors and several current Junior Olympians. The camp includes team-fencing tournaments on real electric strips complete with electrical scoring. Hear the noise, and see the lights every time a touch is made! No experience necessary and all equipment is provided.</p>
<p>Old Town French, LLC</p> <p>Rebecca Anderson</p> <p>www.oldtownfrench.com</p>	<p>Emmanuel Episcopal Church</p> <p>1608 Russell Rd. Alexandria, VA 22301</p>	<p>Learn French through Baking</p>	<p>2 sessions:</p> <p>-Middle schoolers, incoming grades 6-9</p> <p>-Elementary schoolers, incoming grades 1-5</p>	<p>June 20-24: Middle school age 10:00am-12:30pm</p> <p>June 27-July 1st: Elementary school age 9:00am-1:00pm</p>	<p>\$225 for middle schoolers incoming 6-9 graders</p> <p>\$325 for elementary schoolers incoming 1st-5th graders</p>	<p>Learn French through Baking! Attention all bakers and francophiles! Run by an experienced French teacher and amateur baker, kids bake a different pastry each day and will learn the art, culture and history of French pastries and cuisine! This camp is ideal for kids who love to bake and who are interested in the French language! We will learn basic French baking vocabulary, commands and the art of talking about food in French! French pastries also have a lot of world history connected to them, which we will learn about! At the end of the week, we will host a tasting for friends and family. Bakers also leave with their own bilingual cookbook so they can continue baking at home!</p> <p>Elementary Schoolers-no French required Middle Schoolers-at least one year of French required.</p> <p>www.oldtownfrench.com</p>

<p>School of Rock Alexandria</p> <p>571-376-7625</p> <p>Alexandria@schoolofrock.com</p> <p>https://locations.schoolofrock.com/alexandria/music-camps</p>	<p>3260 Duke Street, Alexandria 22314</p>	<p>Music Camp</p>	<p>6-17</p>	<p>5 day camp with a show on friday afternoon. Most camps are 9am-3pm. No before/after care sorry.</p>	<p>\$450, ask about sibling or active military discounts</p>	<p>School of Rock's music camps offer an incredible selection of experiences from beginner music camps to intermediate and advanced sessions. Our music camps often include performance boot camps, artist-themed camps, and more—there's a camp for every interest and skill level. All music camps end with an epic live rock show performed by the camper for parents/family. While music is the primary focus, we also teach the social skills, basic theory, music history and the teamwork needed to perform a band together.</p> <p>Learn more: https://locations.schoolofrock.com/alexandria/music-camps</p> <p>Schedule a free trial lesson to check out the school, staff, safety measures, and receive a lesson on the instrument of choice: https://alexandria.schoolofrock.com</p>
